Dear Cassidy:

I want to thank you so very much for the spectacular job you did at our reunion. Everyone had such a wonderful time that evening largely due to you. We all know the music can either make or break a party and believe me YOU made ours!!

A lot of the people were asking me how I know you, where did I find you (they couldn't believe it was through the yellow pages), and wanted to know if you would be doing our next reunion. I heard comments all night from everyone as I walked through the ballroom. A lot of them said that night the music was the best it had been at any of our reunions. I've been to every one of our reunions, worked on 2 with committees and as you know I did this one myself, and I have to totally agree with them. The music at this reunion was the best.

Your personality and energy got everyone on the dance floor and when things started to slow down you got out there and got things going again. It wasn't just the great music it was you getting the people involved and getting them off their seats. You not only played all the right music you also added entertainment to the evening. Some of the people even commented that you were more help getting everyone together for the picture than the photographer.

Once again, thank you for a wonderful and memorable evening. I truly appreciate all of your hard work and talent. You were the icing on the cake. If I'm crazy enough to do our 30-year reunion I hope you'll be crazy enough to come join us again.

Thank you,

Sandy Snow
